

Smoke test: Acceptable
Acceptance test: High
Found issues: 31

Top severity issues

ID	Severity
QATC-847354	Critical
QATC-847337	Critical
QATC-847316	Critical
QATC-847314	Critical
QATC-847308	Critical
QATC-847323	Critical
QATC-847351	Major
QATC-847351	Major
QATC-847312	Major
QATC-847310	Major
QATC-847309	Major

Testing environment

Operating system: Windows 10 (64-bit)
Browser: Google Chrome 125

Recommendations

- Fix the problem by limiting input range starting from 0 ([QATC-847337](#));
- Resolve the defects with limiting the input field with valid integer input ([QATC-100029](#));
- Fix issues associated with calendar by implementing proper date range selection behavior([QATC-847314](#), [QATC-847316](#));

QA team

Company: QA Academy
QA manager: Evgeny Sheremetyev
QA engineers: Tasnim Kabir Oishee

Additional information

Testing dates: 30.05.2024 - 03.06.2024
Time spent: 11.5 hours

Project QA

Product version: 1.0

General quality analysis

The overall quality of the application can be estimated as **High**. The total number of defects is **33**. Functional defects p of them have the Critical severity and **10** defects gain the Major severity. The majority of defects is opened for module [Listings](#) and [Sign up](#)". A detailed quality analysis is presented below.

Detailed quality analysis

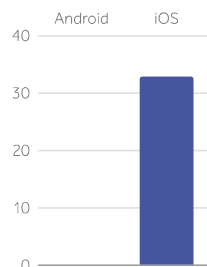

The total number of defects by severity

The chart shows the statistics of defects by the degree of the negative impact have on the application. More than **48%** of issues have [Critical](#) and [Major](#) severity (**39%**) defects prevail.

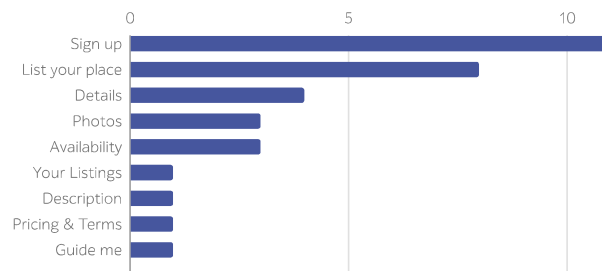

The total number of defects by platform

The chart presents the ratio of defects by platform. For **Android** platform **no issues** were detected. For **iOS** (**33 issues**) 100% was found.

The total number of defects by components

The chart represents defects quantity on separate modules. The majority of issues actual in **"Sign up" module (10)**, in **"List your place (8)**, and in **re the sub-modules of "Your Listing" (altogether 13)**.

Quality of separate modules

Module	Quality	Comments
Sign up	Medium	The quality of this section can be estimated as High. 11 defects were found here. The issue (QATC-847308) confirm password option missing : a notable defect (QATC-847303) , (QATC-847304) Password field shows wrong validation message about characters maximum and minimum limit, which is misleading for the user. The list of the issues actual for "Sign up" is here.
List Your Place	Low	The quality of module is estimated as Low. In this section 8 defects were found. The most important problems are the following: required fields are not marked with * symbol(QATC-847323). Furthermore, by opening provided via SMS or email to share collages, the error "Page not found" appears (QATC-100245). The list of issues actual for this module is here.
Details	High	In this section 4 defects were discovered during the testing, 2 of them have priority Critical or Major. The important defects are that 'Children on premises?' takes negative integer value as input while saving the (QATC-847337) and 'Bed type' takes more input characters than its maximum size limit, and also the password save with this input (QATC-847339). The complete list of defects in Sub-module "Details" can be found here.
Availability	High	In general, the quality of the module can be estimated as High. The overall number of defects in this module of them have priority Critical and affect the quality of the module vastly. For example, Begin and End date can't be selected in the calendar (QATC-847314), No date is found marked as 'Available' or 'Unavailable' while the calendar (QATC-847316). Follow the link to view all defects found in this module.
Photos	Low	The quality of this section is estimated as Low. 3 defects were found in "Photos" Sub-module. Photos can't be re-ordered while pressing re-order button (QATC-847355)
Your Listings	Low	It's a vast module, so we broke it into sub-modules. Details, Availability, Photos, Description, Guide me, and Terms - all these are sub-modules of this module. Individually here we will count it as Low, because we took this module's name in a GUI defect.
Pricing and Terms	High	This module contains a serious defect. No tooltips is displayed, when value text goes beyond the right border of the list - while taking input in 'Weekly rate'(QATC-847354).

Description	• Low	In general, the quality of this module can be estimated as Low. One defects were found here, with a priority . Required field 'Title for your listing' isn't found marked with * while viewing the tab(QATC-847335).
Guide me	• High	The quality of the module is estimated as High. Only one defects found here with Critical severity : Problem isn't connected with the link of Listing checklist(QATC-847551).
